The lightweight, disposable R95 particulate respirator is designed to help provide quality, reliable worker respiratory protection. 3M uses a variety of innovative technologies and features to help you meet your respiratory protection and comfort needs. The respirator incorporates 3M's proprietary technology with advanced electrostatically charged microfiber filter media, designed for ease of breathing. It's adjustable noseclip and cushioning nose foam help provide a custom fit with secure seal and reduce potential for eyewear fogging. These features, along with the lightweight construction promote greater worker acceptance and may help increase wear time.

- NIOSH R95 approved
- Economical filtering facepiece particulate respirator
- Collapse resistant shell for increased durability
- Compatible with a variety of protective eyewear and hearing protection
- Adjustable noseclip reduces potential for eyewear fogging and helps ensure a better seal and fit.
- Two-strap design helps provide a secure fit.
