

Plastic Boxes

Plastic Internal Panel

Click on Image for Larger View

An all plastic accessory panel used with the NB series NEMA boxes that allows easy mounting of electronic devices in the box

Design Features

- ABS plastic, UL94-HB
- Unique hole grid allows electrical and/or electronic devices to be mounted to panel as a subassembly without punching or drilling holes.
- Easier prototyping
- Allows pre-testing of components
- Faster, less costly infield assembly

PLASTIC INTERNAL PANELS
