

1.5mm Sealed Header System

SHS

SHS is a complete line of sealed rugged I/O connectors. This product family is designed to perform on electronic control modules that function in extreme environmental conditions commonly found on commercial and off-road vehicles and equipment.

Product Specification

Operating Temperature

-40°C to +125°C

Contact Resistance

< 10 mΩ

Insulation Resistance

>1000 MΩ

Sealing

IP65, IP66, IP67, IP69K

Temperature Life

1008 Hrs @ 125°C

Current Cycling

500 Hrs @ 10 Amp

500 cycles 45 min ON – 15 min OFF

Vibration

10 to 2000 to 10 Hz with 15 g's peak level

Shock

50 g's – 20 pulses

Salt Spray

96 Hrs

Temperature Humidity Cycling

320 Hrs

40 – 8 Hrs cycles -40°C to +85°C @ 85%RH to +125°C

Fluid Resistance

Resistant to most fluids used in industrial applications

Headers

- 18, 30, 48 and 60 I/O
- Post plated pins
- Epoxy sealed pins
- Silicone interface seals and panel gaskets
- Ferrite filtering option for EMI/RFI protection
 - ◆ Attenuation 3 - 7 dB

Harness Connectors

- 18 and 30 position
- Push to seat terminal
- Terminal secondary lock
- Integral grommet wire seal with protective backplate

Contact Cinch for RoHS compliant SHS products

Proven Excellence

For over 70 years, Cinch has been a reliable supplier of a variety of quality connector products to various industries. We are a multi-national manufacturer with manufacturing facilities in the U.S., U.K. and Mexico.

Cinch has applied its extensive expertise in interconnection technology to engineer and manufacture connectors of various complexities using state-of-the-art technology and tooling. Mechanical design is accomplished using Pro/E® 3D solid modeling and AutoCAD® supported by nonlinear and linear Finite Element Analysis, and Mold Flow software.

Our engineers utilize in-house capabilities in high frequency interconnect simulation, SPICE model generation and high frequency testing to develop the optimum product.

All products are validated in Cinch's First Article, mechanical, electrical, and environmental test facilities ensuring the finished products meet our customers' most stringent specifications.

Simply, your connectors are manufactured in state-of-the-art facilities that are committed to customer satisfaction and continuous improvement.
