

Cannon

APD Series

Light weight, IP69k sealed and
ISO 15170 plastic connectors

Features & Benefits

ITT

ENGINEERED FOR LIFE

APD Series – Proven bayonet design with reliable IP69k sealing

Based on the ISO 15170 this full plastic series is an ideal solution whenever harsh environment requirements, high sealing grades and vibration requirements have to be met.

Originally designed for the truck, bus, agriculture, construction, e-vehicle and special vehicle market, these products meet all typical demands of applications in this field. APD is also the connector of choice in other areas including military or industrial applications that require harsh environment solutions while needing a product that is both, small in size and light in weight.

The APD series covers a wide range of 1- and 2-way high power, VDE-certified 4-way high voltage and up to 51-way high density connectors also available as special sensor or PCB type versions.

This series has been developed in close cooperation with our customers and is a flexible platform for customized solutions.

Applications e.g. for tractors

- cabin interface / signal and power distribution
- lighting
- engine control unit
- valve control

Why customers benefit from choosing ITT's APD Series

- Saving space, weight and cost
- Fast and easy assembly
- Harsh environment proven
- High power / high voltage solution
- Mechanical and color codings guarantee 100% correct mating

Technical overview

- 1- to 51-way layouts
- Wire range: 0,35 – 50 mm² (AWG 22 – AWG 0)
- Max. rating 245 A / max. voltage 500 V dc / ac
- -40°C to +125°C / -40°F to +257°F
- IP Sealing IP67 / IP69k

Our products do, what we say they will do

Bayonet coupling

Bayonet coupling providing improved vibration resistance for 100% application reliability in harsh environments.

Secondary locking

Secondary locking for 19- and 51-way connectors enabling improved retention force and ease of assembly / disassembly.

Mechanical and color codings

Up to 4 different mechanical and color codings with tactile and visual feedback guarantee 100% correct mating.

Machined and stamped contacts

Machined and stamped contacts in various sizes, materials and platings accommodate wire sizes up to 50 mm².

IP69k sealing

Individual wire seals for a sealed interconnect up to IP69k.

Broad range of accessories

Variety of shell styles and accessories, including 90 degree end bells allowing easy adaptation to customer specific applications.

Overcoming transportation challenges for two decades with APD connectors

1
Sensor and signal integrity on **diesel engines** realized with APD 4- and 19-way.

2
SCR (selective catalytic reduction) driven by APD 37-way on dosing pumps.

3
Power transmission in steering systems relying on APD 4-way.

4
Safe cargo lifting and lowering enabled by APD 2-way connectors.

Product portfolio

APD	Current Rating*	Max. voltage	Wire range	Contacts	IP class	Coding
1-way High Power	245 A	48 Vdc	16 - 50 mm ² (AWG 5 - 0)	Size 0 machined	IP67	3 mechanical & color codings
2-way High Power	105 A	48 Vdc	6 - 16 mm ² (AWG 9 - 5)	Size 8 machined	IP67	one coding
4-way	29 A	48 Vdc	0,5 - 4 mm ² (AWG 20 - 11)	Size 12 APK25	IP67 / IP69k	4 mechanical & color codings
4-way High Voltage 	29 A	500 V dc/ac	0,5 - 4 mm ² (AWG 20 - 11)	Size 12 APK25	IP67 / IP69k	2 mechanical codings
6-/7-way	16 A	48 Vdc	0,75 - 1,5 mm ² (AWG 18 - 16)	Size 16 T2P	IP67 / IP69k	one coding
19-way	10 A	48 Vdc	0,75 - 1,5 mm ² (AWG 18 - 16)	Size 16 APK16	IP67 / IP69k	4 mechanical & color codings
37-way	9 A	48 Vdc	0,35 - 1,5 mm ² (AWG 22 - 16)	Size 16 APK16	IP67 / IP69k	one coding
51-way	8,5 A	48 Vdc	0,35 - 1,5 mm ² (AWG 22 - 16)	Size 16 APK16	IP67 / IP69k	4 mechanical & color codings

* at 60° C / 140° F ambient temperature
