NOTIFICATION TYPE:

Final Product/Process Change Notification (FPCN)

Final change notification sent to customers. FPCNs are issued at least 90 days prior to implementation of the change.

ON Semiconductor will consider this change approved unless specific conditions of acceptance are provided in writing within 30 days of receipt of this notice. To do so, contact your local ON Semiconductor Sales Office.

DESCRIPTION AND PURPOSE:

ON Semi is issuing this notification to address a data sheet revision. The current data sheets identify an Operating and Storage Temp range of either 175C or 200C maximum and ON Semi is re-stating that temperature to be 150C. The reason for this data sheet update is to prevent mis-application of the devices. There will be no change to the actual product. The data sheets contain an application note for calculating junction temp.

CHANGED PART IDENTIFICATION:

There will be no change to the parts and this is only a data sheet update.
