

DVR Security Lock Box

Quest Security Lock DVR Boxes are made from the safest and strongest materials and are designed to provide a professional solution for securely locking up security camera DVR equipment.

Designed for easy one person installation, these security boxes have easy equipment access from both front and top of the box, and include a 19" 1U internal mounting bracket, ideal for adding an AC power strip. With easy cable access, cables can be added and removed as needed through the rear rubber access grommets. If looking for a cost effective method of mounting security DVR equipment, Quest has your solution.
